916 DENT & DETAIL

Precision · Care · Perfection.

Faster frontline-ready. On your lot.

Mobile paintless dent repair and detailing for dealers, fleets, rental lots and body shops across Greater Sacramento.

WHY RECON MANAGERS CALL US

- **Faster to frontline-ready.** Dents and detailing happen where the car is parked: no transport run, no body-shop wait.
- **No repaint on paint-intact panels.** Paintless dent removal. We say so first if a panel is not a good fit.
- **Priced per panel.** One wholesale sheet, so you can estimate recon before you buy the car.
- **Nothing extra without your OK.** Add-ons come with a price. You approve or decline in the portal.

HOW IT WORKS

01 Open an account
Sign up in two minutes. We review every dealer account by hand and email you when it is approved.

02 Send the cars
Add one car or paste a whole list: VIN, stock number, what you want done. We check every VIN and flag typos before anything is submitted.

03 We work on your lot
We come to the cars. You see each one move from submitted to scheduled to in progress, with before and after photos.

04 Frontline-ready, one bill
Anything extra we find comes to you with a price first. You approve it or decline it. Work is billed on one monthly statement.

WHOLESALE RATES

Per panel or per vehicle. Hail is quoted from photos.

SERVICE		PER	YOUR RATE
Dent Removal (no paint, no body shop)	Paintless dent repair	panel	$ _____
Hail Fix	Hail damage repair	panel	$ _____
